

K-LOVE provides not only music to the public, but also strengthens our local community and others across the nation. It is the only station my own young children, as well as the teenagers I teach, can listen to safely without hearing inappropriate lyrics and advertising unsuitable for their age. K-LOVE promotes positive values and helps members of the community to help one another; this has an immeasurable effect on lives today! If K-LOVE were to be displaced by an LPFM broadcaster, I surely will not be the only one whose family will no longer listen to any radio station, period. Please do not put this station in the back row. So many of us rely on this music to get us through the day and help us come home and make a positive effect on the lives around us.
